PLAGIARISM WILL NOT BE TOLERATED.

Tips

1. Decide on the issue you will discuss. It needs to be a topic you have a solid opinion on.
2. Research the issue to be aware of how to best prove your point.
3. Arrange reasons and evidence in a logical order, such as order of importance
4. Use a formal style of writing
5. Look for factual data and quotes to support your arguments.
6. Argue your point.
7. Thoroughly proofread and edit your essay.
8. List sources/references that you used for the essay.

Do

Do prove your points with factual data. Stating something without a factual basis is considered a weak point, so a successful essay should have statistics and quotes that serve as supporting evidence.

Do be certain about your position.

Remain tolerant of other people's opinions, even if you strongly disagree with them.

Write your sources!

Don't

Don't try to introduce another argument in the conclusion. The conclusion should be about summarizing and reiterating why your main message is important.

Try to remain objective and focus on facts.

DON'T PLAGIARIZE!!!!
